Career Objective :

As a recent graduate specializing in front-end development with a focus on React, I am eager to kickstart my career by joining a dynamic team where I can apply my knowledge and skills to create engaging and intuitive user interfaces. My objective is to contribute to the development of cutting-edge web applications actively, leveraging my understanding of Reacts component-based architecture and proficiency in HTML, CSS, and JavaScript. I am committed to ongoing learning and growth, seeking opportunities to collaborate, learn from experienced developers, and stay abreast of industry best practices to excel as a front-end developer.

Project Experience:

- **E-commerce Orebi** : I am working on an E-commerce product called Orebi. My role is to develop Components, Routes, Hooks, Redux, form Retching API data presenting data on the website while maintaining the exact UI. Project-link: Ecommerce
- **Newspaper** : Modernized local newspaper website with responsive design and multimedia features.
- **Educational** : Developed an interactive educational platform with intuitive navigation and inclusivity.
- **Travel Agency** : Revamped travel agency website, emphasizing destinations and packages.
- **Portfolio Website** : I have also developed a personal portfolio showcasing my web development projects, It serves as a testament to my skills and provides real-world examples
- of my work, including responsive web designs.
